Local Exchange Telephone Service

---

SECTION 2 - RULES AND REGULATIONS, CONT.

2.16 Tests, Pilots, Promotional Campaigns and Contests

The Company may conduct special tests or pilot programs and promotions at its discretion to demonstrate the ease of use, quality of service and to promote the sale of its services. The Company may also waive a portion or all processing fees or installation fees for winners of contests and other occasional promotional events sponsored or endorsed by the Company. From time to time, the Company may waive all processing fees for a Customer. The Company will notify the Commission regarding specific promotions and contests.

First Month Promotion

Promotion for new customers, both Lifeline and Non-lifeline. Customer will receive a discount of \$26.95 for the first month of service. Thus, for the first month of service, net price for Lifeline customers will be zero (calculated as follows: \$26.95 minus the first month promo of \$26.95 equals zero). Net price for the non-Lifeline customer for the first month of service will be \$17.25 (calculated as follows: \$40.45 plus \$3.75 for toll service minus \$26.95 first month promotion equals \$17.25).

This promotion is in effect for 11 months from the effective date of this tariff provision.

2.17 Interruption of Service

Credit allowances for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment or communications Systems provided by the Customer, are subject to the general liability provisions set forth in Section 2.4 herein. It shall be the obligation of the Customer to notify Company immediately of any interruption in service for which a credit allowance is desired by Customer. Before giving such notice, Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by Customer and connected to Company's terminal. Interruptions caused by Customer-provided or Company-provided automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via local exchange company access.
